New Online Portal to Support Charities Handling Safeguarding Concerns

The Government has launched a new online portal that will strengthen its support to charities handling safeguarding concerns or allegations.

The portal, based on Gov.uk, offers a step by step guide to help charities correctly manage their concerns, identify the right people to contact if needed and access helpful resources and advice. <https://safeguarding.culture.gov.uk/>

Following a combined £1.2 million DCMS and National Lottery Community Fund investment the portal will be promoted by organisations across England to champion the importance of good safeguarding and locally available sources of advice and support.

[The funding has enabled the NCVO to bring together a partnership of organisations to develop a series of free, high-quality factsheets, practical tools, podcasts and videos to promote a good safeguarding culture in charities.](#) Funding has been awarded to, among others:

[Social Care Institute for Excellence \(SCIE\)](#) £100,000: SCIE will support small faith-based organisations to access materials via regional workshops across the country, webinars and bespoke training courses. They will also work with user-led organisations supporting people with disabilities to devise a checklist looking at safeguarding governance and accountability.

[The Federation of London Youth Clubs - London Youth](#) £76,641: London Youth will directly train and support youth workers, volunteers and trustees operating in grassroots community youth organisations across London. They will share materials with a wide cohort of organisations, through webinars and local peer safeguarding support groups.

[National Association for Voluntary Community Action \(NAVCA\)](#) £104,700: NAVCA will utilise its national membership base to share resources through communication materials, peer to peer learning within networks and awareness raising events.

OPCC Commissioning Corner

The OPCC are excited to let you know about our new resource for providers across West Yorkshire.

The OPCC are launching our new quarterly e-newsletter 'Commissioning Corner' for all our commissioned services, grant recipients and those that may be interested in opportunities now or in the future. The e-newsletter will enable you to stay up to date and receive the latest commissioning information and advice.

Visit the OPCC Website on the following link for more information and to sign up today! <https://www.westyorkshire-pcc.gov.uk/how-we-work/commissioning>

TRAINING SPACES AVAILABLE: Reducing Parental Conflict

Course Objectives

By the end of this highly participative workshop format, participants will be able to:

- Understand the importance of the structural design of the programme, utilising the elements of the programme and the corresponding materials
- Deliver the programmes effectively, as designed, to diverse attendees
- Position the materials and exercises relevantly to their audiences
- Implement evidence base practice throughout
- Execute the practical exercises in each module using the support materials as designed
- Facilitate discussions and questions from audience members
- Apply existing L&D techniques for audience involvement including the 5 Ps model
- Evaluate the feedback received via comment and participant questionnaires
- Promote the availability of e-learning and further programmes

There are spaces available on the training through **February to March** so take a look on our Course Management System to book—<https://kirklees.event-booking.org.uk/>

Hollie Guard App—Personal Safety App

To anyone with kids old enough to have mobile phones. Consider downloading the Hollie Guard App for them. If they are walking home late or alone, they can switch it on and you can track them. If someone approaches and they feel unsafe they can shake their phone. It sets off a high pitched alarm from the phone and also messages an alert to you (or whoever's number is entered in as a guardian).

For more information visit: <https://hollieguard.com/>
