National Exploitation Awareness Day

18th March 2020.

Child Exploitation (CE) involves the manipulation and/or coercion of young people under the age of 18.

The National Child Exploitation Awareness Day aims to highlight the issue surrounding CE encouraging everyone to **think, spot and speak** out against abuse and adopt a zero tolerance to adults developing inappropriate relationships with children or children developing inappropriate relationships with other children.

What we're doing on the day

There will be increased activity during the week in build up to National Exploitation Awareness Day including:

- Engagement at key locations across Kirklees
- Posters, leaflets and awareness raising
- Social Media Top Tips
- NWG have designed a [new guide](#) to the day with tips, key messages and suggested social media posts to help make your event a success.

Congratulations Locala

Locala Community Partnerships is providing 'good' NHS community health services across Kirklees, Calderdale and Bradford, according to its latest Care Quality Commission (CQC) inspection.

CQC inspections have five key themes – safe, effective, caring, responsive, and well led. In this latest inspection report, Locala, a not-for-profit social enterprise, has received a rating of "Good" in every one of these inspection areas, and across every one of its services.

Change, Grow, Live—The Base, Kirklees

An exciting vacancy has arisen to join the innovative Young People's team at The Base Kirklees in the role of Children and Families Worker - Hidden Harm. The primary focus of this role is to work with children and young people who are impacted by a family member's substance misuse by delivering a programme of brief interventions via one to one sessions with the aim of building resilience and minimising the impact of parental substance misuse.

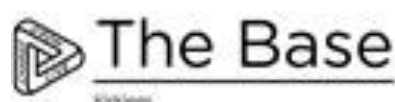

Click [here](#) for more information about the vacancy.

Also...three great animations created by The Base for children and young people....
