

# Got Symptoms? Get Tested!

If you have any of the following COVID-19 symptoms you need to go for a test.

**Continuous  
new cough**

**High  
temperature**

**Loss or change  
to taste / smell**

**Head to your local test site now:**

---

**UK Greetings rear car park**

Wharf Street, Savile Town, Dewsbury, WF12 9AS

**Every day: 8am - 8pm\***

---

**No booking required... just walk up**

## What are Local Testing Sites?

Local Testing Sites provide a 'pop up' testing offer giving local people the opportunity to get tested where they live if they are unable to access mobile or regional sites and are unsure about taking the test at home. These new sites work alongside the country's drive-through test sites, to rapidly increase the number of tests done each day, and allow the customer to arrive at the site on foot or bicycle.

## Do I have to book a test?

You don't need to book your local testing site, you can just walk up.

If you want to book, this can be done via: [www.nhs.uk/coronavirus](http://www.nhs.uk/coronavirus) or by calling **119**. You will be given the option of booking your local testing site along with other regional and mobile sites. Site locations and availability will be provided online at the time of booking. You can also request a test to be sent to your home, if you prefer.

*Please note:* sites other than your local testing site are drive through only.

*\* Please check online for opening times for September onwards*

## What happens at the test centre?

A long cotton bud will be used to get a swab from your nose and mouth. This takes approximately 2 minutes. The swabs will be sent off to a lab for testing and you will receive the results (positive or negative) within 72 hours. You will then be advised what you should do next. Don't worry everything will be explained fully during your visit to the testing site.

*Please note:* this is a walk through site, you don't need to drive.

If you do drive, parking is not available at the site.

For more information on your local testing sites visit:

[www.kirklees.gov.uk/covid19testing](http://www.kirklees.gov.uk/covid19testing)

## We've not beaten the virus... yet!
