## WY Police—Domestic Abuse Campaign

The police have launched a new domestic abuse campaign on Wednesday, to tie in with the start of the 16 Days of Action Against Domestic Abuse.

The campaign will look specifically at financial control and will target older people who may be victims of this. It will also aim to encourage third party reporting.

Thanks was extended to those who took the time to feed back on the design ideas, and shared them across their contacts. Some useful responses and comments have been taken on board in order to create the final designs.

Please can you support and share the campaign for which the artwork has been uploaded alongside the newsletter in the format of A4 posters.

A press release, caption video, social media messages and webpage can be seen on the website – [www.westyorkshire.police.uk/ElderAbuse](http://www.westyorkshire.police.uk/ElderAbuse)

With the funding from the VRU, the campaign will also be distributed via the following –

- Adverts on Pulse radio
- Facebook ads targeting over 65s
- Adverts in the Yorkshire Post
- Digital adverts on Gransnet website
- Adverts on websites targeting over 65s – those who search for topics such as grandparents, pensions, retirement, etc.

## Kirklees Council—New Kickstart Scheme

Kirklees Council is backing the new Kickstart scheme to create job placements for 16-24 year olds at risk of long-term unemployment.

Kickstart will pay for a 6-month work placement – National Minimum Wage – for 25 hours per week, up until December 2021. The council has registered as a ‘gateway’ organisation to support local employers who wish to participate. As an employer we can also lead by example by offering Kickstart placements.

Young people participating in the Kirklees Kickstart programme will receive wrap-around package of training and support to ensure their wellbeing, and equip them with the skills they need to achieve a successful placement.

Cllr Shabir Pandor, Leader of Kirklees Council, said:

*“Kickstart is a great opportunity for both young people and local employers to create something positive out of the COVID-19 pandemic. We know that young people in particular are bearing the brunt of unemployment and the Council, with our partners, will play our part in ensuring that the virus does not impact their longer-term career prospects.*

I would encourage you to support the scheme and get involved to help our young people to move into employment at this challenging time. A support package will be available for line managers.

## **Call for Evidence and Action RE: Addressing the Root Causes of Serious Violence and Exploitation of Young People**

Do you work with young people aged between 11-25 in West Yorkshire? If the answer is yes, we would like to hear from you.

The West Yorkshire VRU, the West Yorkshire and Harrogate Health and Care Partnership and Care Partnership and Crest Advisory are embarking on new research designed to understand and how we can address the root causes of serious violence and exploitation of young people. The research will seek to explore how the following factors impact a young person's vulnerability to serious violence:

1. The determinants of health and health inequalities
2. Self-worth and autonomy
3. The economic and social impacts of COVID-19 (namely increased inequalities in and between different population groups)
4. The specific challenges facing women and girls

To ensure that the research is as impactful as possible, they would like to speak with community group leaders, youth workers, youth club organisers, and others who are engaged with young people from a variety of socioeconomic backgrounds and ethnic groups in West Yorkshire who can act as a representative.

They are looking to interview representatives of young people for our research, but also to listen to your ideas about how best to incorporate the voices of the young people in West Yorkshire. Ultimately, through these conversations they will aim to understand the experiences of young people relating to health, social inequalities, the COVID period, and serious youth violence.

If you are in contact with young people in West Yorkshire and feel as though you can represent their voices, please contact [madeline.rolfe@crestadvisory.com](mailto:madeline.rolfe@crestadvisory.com) for further details.
