## Welcome to Kirklees Safeguarding Week 2022

part of the West Yorkshire Safeguarding Week suite of countywide events

Kirklees Safeguarding Week begins on Monday 20 June for 5 days of safeguarding awareness raising and learning

---

As safeguarding professionals, we know that the last couple of years has offered challenge and brought with it a new set of considerations for all. We all play a role in keeping people safe and it's vitally important to have a week of concentrated activity to bring people together, learn, share good practice and highlight the importance of safeguarding across the Interboard partnership.

During the week a variety key safeguarding topics, many of which have become more prominent during the pandemic, will be promoted to increase awareness within agencies, communities and the public.

This year, we are going with the theme of Continuous Learning and looking at all the elements of Safeguarding practice that, if done consistently well can help us to not repeat the practice that causes us to see Safeguarding Adults Reviews (SARs) and Childrens Safeguarding Practice Reviews (CSPRs) and Domestic Homicide Reviews (DHRs).

The Independent Board Chairs would like to thank members of the Kirklees Safeguarding Adults Board (KSAB) and the Communities Board along with the Kirklees Safeguarding Children Partnership (KSCP) for their continued work in supporting Kirklees Safeguarding Week. Also, a huge thank you to all the safeguarding boards and partnerships who are taking part across West Yorkshire who help to make this a success across the region.

Get in touch with [KSAB@kirklees.gov.uk](mailto:KSAB@kirklees.gov.uk) or [KSCP.Admin@kirklees.gov.uk](mailto:KSCP.Admin@kirklees.gov.uk) to provide details of what you are doing during Safeguarding Week to promote safeguarding advice and practice.

A pre-recorded 30-minute bitesize briefing on Professional Curiosity and how this applies to safeguarding both children and adults at risk. One of the safeguarding practitioners will be available to introduce the session and answer any questions at the end.

Professional curiosity is a concept which has been recognised as important in safeguarding children for many years. More recently Safeguarding Adults Reviews (SARS) have highlighted a similar need for professional curiosity in safeguarding adults with care and support needs. Curiosity is required to support practitioners to question and challenge the information they receive. We will explore the importance of professional curiosity during home visits and clinic contacts. We will also explore the benefits of striving for authentic relationships of the kind where we see, hear and touch the truth of the experience of the child or adult at risk's daily life.

# KSAB Safeguarding Adult Review (SAR) network event:

**How can we learn from cases where people experience serious harm or death?**

Tuesday 21<sup>st</sup> June  
9:30 am - 12:30 pm

---

Despite the efforts of professionals, practitioners, agencies, and organisations why is it that people identified as being at risk of harm, neglect and abuse can still become the subjects of SAR's? How are multi-agency partnerships really working in a joined-up approach to Adult Safeguarding and truly being professionally curious?

To what extent do policy, processes, and procedures promote or impede successful Adult Safeguarding?

Why do SAR's reveal the same themes and how do we really share and put into practice learnings to improve protection and Adult Safeguarding in Kirklees?

This network event will go "back to basics" and equip you with an understanding of what a SAR is, how it is commissioned and carried out, and consider the key themes emergent in recent SAR's. It will demonstrate opportunities with which "red flags" in safeguarding adults can be sometimes missed and encourage good practice linking professional curiosity, information sharing and learning from each other's experience.

- **Suitable for:** all practitioners, agencies and organisations staff, alongside volunteers who encounter people at serious risk of harm, neglect, or abuse
