### KSCP Safeguarding Awareness Calendar—2023

A new calendar has been added to the KSCP website showing safeguarding awareness days and weeks throughout the year. We hope this will be useful in enabling Partners to connect with ongoing safeguarding campaigns in relation to different issues.

Some dates are due to be updated and are subject to change.

[View the calendar here.](#)

### ILACS: Guidance for Professionals

Ofsted adopt a framework for inspecting local authority services for children in need of help and protection, children in care and care leavers. The framework, Inspection of Local Authority Children's Services (ILACS), is available from the [Ofsted](#) website. In line with previous inspections, the framework focuses on the effectiveness of local authority services and arrangements. More information [here](#)

### Partnership Intelligence Portal

- The Partnership Intelligence Portal is designed to offer a simple internet-based portal, to give key strategic partners the opportunity to submit information to a central police triage team.
- It is not designed to replace any current referral mechanisms in place; you must continue as per agreed service level agreements.
- The portal is there to submit the information that is routinely gathered by partners, we are not asking for any additional work on your behalf.
- It is for information about criminality that you feel would be of interest to West Yorkshire Police.

The KSCP is seeking to further develop the current multi-agency training offer and trainer pool. To explore how best this can be achieved, the KSCP Learning and Development Subgroup has requested that the Business unit surveys partner agency/organisation availability and capacity. Initially we are people to complete the below survey to explore if there is capacity in the Partnership to support the delivery of some of our core courses.

## ICON Week 2023

The third annual ICON week (25 to 29 September 2023) is here to raise awareness of infant crying and how to cope to support parents/carers and prevent serious injury, illness and even death of young babies as a result of Abusive Head Trauma that happens when someone shakes a baby.

ICON is a programme adopted by health and social care organisations in the UK to provide information about infant crying, including how to cope, support parents/carers, and reduce stress.

This year's ICON Week is once again focussing on sharing ideas and best practices. Many webinars are taking place throughout the week and are open to everyone.

For more information and joining instructions, please view the website here.
